GEORGIA  
CALIFORNIA  
COLORADO

## PLACE ORDERS NOW

Orders from this list cannot be accepted after MAY 1st.

CONFIRMATION OF ALL ORDERS MUST BE RECEIVED FROM US

We do not claim to be growers of all items here offered, however, the same good cultivation and careful attention, roguing, etc., is given to all crops being grown for us, thorough inspection of the growing crops by ourselves assures the maintenance of the high quality which we believe necessary.

Deliveries in the Seed Trade during the past few years have been very disappointing to the Seed Merchant, the importance of this we realize, and intend to do our utmost to fill all orders in full, however, owing to the possibility of adverse conditions arising over which we may have no control, we can not make guarantee.

Terms of Sale: To regular customers and houses of approved credit invoices are due net 60 days, or 2% for payment on receipt of seeds.

Goods in transit belong to and are at the risk of the purchaser, all shipments F. O. B., New York City, Bags, Boxes, etc. at cost.

**OUR GUARANTEE**—In the event of any seed supplied by us not proving up to the required standard of germination and purity (of seed), we **GUARANTEE** to refund or credit the full purchase price of said seed providing claims are made within three weeks after receipt of seed, and the full amount of seed returned to us, this is the full extent and purpose of our **GUARANTEE**.

We give no warranty express or implied as to description, quality, productiveness, growth, or any other matter (except as stated in our guarantee), of any seed we send out and we can not be responsible for the crops. If not accepted on these terms seed should be returned at once.

## CHOICE FLOWER SEEDS IN MIXTURES

The mixtures here offered will be grown as mixtures but will receive good culture and thorough roguing of all objectionable colors. These mixtures will be found to contain all desirable colors in proper proportions.

We would draw special attention to the exceptionally low contract prices which combined with the good quality of the seed makes this offer worthy of keen consideration.

**NOTE**—We can not supply less than  $\frac{1}{4}$  Lb. at the Lb. rate, 5 Lbs. at the 10 Lb. rate, 25 Lbs. at the 100 Lb. rate.
